HORIZON HEALTH SHOP · PRODUCT BRIEF

MEDIX4LIFE · ML-60

OPTIWEIGHT

*Plant-derived peptide drops for appetite awareness and metabolic balance.**

30 mL liquid drops per bottle

1–20 drops a day in water

0 synthetic hormones or stimulants

A liquid blend of plant-derived regulatory peptides that supports healthy appetite awareness and satiety signaling, balanced fat and carbohydrate metabolism, and digestive comfort.*

THE STORY

01 **What it is**

A 30 mL dropper bottle from Medix4Life (ML-60) with a proprietary blend of ultra-low dose regulatory peptides from plant sources, in water, with no synthetic hormones or stimulants.

02 **How it works**

The peptides are formulated to support healthy communication pathways associated with the hypothalamus, the area involved in signaling satiety, energy balance and overall homeostasis.*

03 **Why this formula**

A nanotechnology-based liquid format that also supports normal bowel activity, healthy microbial balance and the body's natural detoxification pathways, as part of a broader wellness routine.*

INSIDE THE FORMULA

Key ingredient

i **Regulatory peptides of plant origin**

The primary active ingredient: ultra-low dose, plant-derived peptides that support satiety signaling, energy balance and balanced fat and carbohydrate metabolism.*
